

The National Centre of Excellence
in Youth Mental Health

Thank you for your gift to Orygen, The National Centre of Excellence in Youth Mental Health

Orygen, The National Centre of Excellence in Youth Mental Health is the world's leading research and knowledge translation organisation focusing on mental ill-health in young people.

Our work has created a new, more positive approach to the prevention and treatment of mental disorders, and has developed new models of care for young people with emerging disorders. This work has been translated into a worldwide shift in services and treatments to include a primary focus on getting well and staying well, and health care models that include partnership with young people and families.

For further information please contact us on 1300 679 436 or visit orygen.org.au
